Dear Hiring Manager,

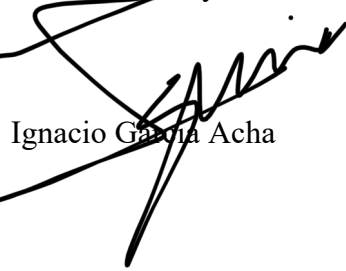

It is my pleasure to recommend Jina Jean Apura Lacson. I have known her since 2016 in my capacity as Global Projects Director at Gestamp. Jina has worked for me on various global programs for OEMs such as: Honda, Volvo, Tesla, Hyundai and Mazda. She has managed projects with high budgets and yearly turnovers around million of euros. She is prepared to manage global technical teams and can deal well with high demanding working environment.

I was very satisfied with her performance, she exuded confidence in executing her work, her reporting was consistently on-time and she excelled continuously at every projects she handled.

You will find Jina as highly skilled as I did, she has superb analytical and communication skills and a great team player as well. Her performance has been extremely positive and I am definitely sure she will do the same or even exceed her previous achievement in your organization.
